# DOE SECTION 75 EQUALITY OF OPPORTUNITY SCREENING ANALYSIS FORM

## Section 1

### **Introduction**

This form is intended to help you to consider whether a new policy (either internal or external) or legislation will require a full equality impact assessment (EQIA). Those policies identified as having significant implications for equality of opportunity must be subject to full EQIA.

The form will provide a record of the factors taken into account if a policy is screened out, or excluded for EQIA. It will provide a basis for consultation on the outcome of the screening exercise and will be referenced in the Annual Report to the Equality Commission. Copies of completed forms should be retained on file within business areas (**and a copy sent to the Equality Unit**) and reference should be made to the outcome of the screening exercise and subsequent consultation in any submission made to the Minister.

### **Background**

**The Legal Background**

Under section 75 of the Northern Ireland Act 1998, the Department is required to have due regard to the need to promote equality of opportunity:

- between persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation;
- between men and women generally;
- between persons with a disability and persons without; and
- between persons with dependants and persons without.

The main groups within each of the nine categories, highlighted above, are identified at Appendix 1.

In addition, without prejudice to its obligations above, the Department is also required, in carrying out its functions relating to Northern Ireland, to have regard to the desirability of promoting good relations between persons of different religious beliefs, political opinion or racial group.

### **Advice on Completion of the Screening Form**

It is important that the screening form is completed carefully and thoughtfully. Your Divisional or Agency Equality Officer and the Department's Equality Unit in room 413A Clarence Court (ext 40855/40813) will be happy to assist with all aspects of the screening process and will help with the completion of the form, if required.

Further advice on the screening process can be accessed at Section 4 of the Equality Commission's Guide to the Statutory Duties.

## **Policies included for EQIA**

If, after screening, it is decided that a policy will require a full EQIA, a decision will be required on the priority and timing of the assessment. The screening form should be noted accordingly, signed off and copied to the Equality Unit for inclusion in the EQIA programme.

## **Policies excluded for EQIA**

If a decision is taken to screen out the policy or where there is ambiguity about the equality implication of the proposal, the screening form should be signed off by a senior officer responsible for the policy and a copy sent to the Equality Unit. Copies of all screening out forms will be placed on the Department's website.

## **Section 2 – Policy to be Screened**

### **Definition of Policy**

There have been some difficulties in defining what constitutes a policy in the context of Section 75. To be on the safe side it is recommended that you consider changes to or any new initiatives, proposals, schemes or programmes as policies. The policies covered in the Equality Scheme EQIA programme are a reasonable guide both to the nature of external departmental policies and the level at which they should be considered.

The revised Guidance from The Equality Commission emphasises that the Statutory duties apply to **internal** policies (relating to people who work for the organisation) as well as **external** policies (relating to those who are, or could be, served by the organisations).

It is important to remember that even if a full EQIA has been carried out in respect of an "overarching" policy or strategy, it will still be necessary for the policy maker to consider if a further EQIA needs to be carried out in respect of those policies cascading from the overarching strategy.

OFMDFM Guidance on Legislative Procedures (Primary and Subordinate) sets out clearly the stages at which equality of opportunity considerations should be taken into consideration in the development of legislation.

### **Overview of Policy Proposals**

The aims and objectives of the policy must be clear and well defined. You must take into account any available data or evidence that will enable you to come to a decision on whether or not a policy may or may not have a differential impact on any of the S75 categories. Evidence may be qualitative and or quantitative and may include research or internal information and or experience in relation to service and customer monitoring exercises. Where appropriate, arrangements should be made to obtain any data necessary to assist screening. The Equality Unit or Central Statistics & Research Branch (Stephanie Harcourt ext 40878) are available to provide advice on data requirements.

2.1 Please insert below a brief description of the policy/legislation, including the title and all the main aims and objectives

Title **IMPLEMENTING THE DIRECTIVES 2002/96/EC AND 2003/108/EC ON WASTE ELECTRICAL AND ELETRONIC EQUIPMENT IN THE UNITED KINGDOM**

Aims **The consultation paper proposes draft regulations to transpose the WEEE Directive in the UK (including NI).**

**This consultation seeks views of businesses, manufacturers, retailers, producers, district councils and enforcement authorities on draft regulations implementing Directives 2002/96/EC and 2003/108/EC of the European Parliament relating to waste electrical and electronic equipment.**

**The WEEE Directive is European environmental legislation. It is one of a small number of European Directives which implement the principle of "extended producer responsibility". Under this principle producers are required to take responsibility for the environmental impact of their products, especially when they become waste. The WEEE Directive applies this in relation to electrical and electronic equipment (EEE).**

**The broad aim of the WEEE Directive is to address the environmental impacts of WEEE and to encourage its separate collection and subsequent treatment, reuse, recovery, recycling and environmentally sound disposal.**

**The Directive seeks to improve the environmental performance of all operators involved in the lifecycle of EEE especially those dealing with WEEE. Accordingly it sets certain requirements relating to the separate collection of WEEE, standards of its treatment at permitted facilities, and sets targets for its recycling and recovery.**

It is essential that all the aims/objectives of the policy be clearly and fully defined.

**(b) Department of Trade and Industry**

---

**We maintain contact with DTI. DTI has been made aware of out equality legislation.**

**2.4 What linkages are there to other NI Departments/NDPBs in relation to this policy/legislation?**

**See Appendix 4 of the Equality Commission Practical Guidance on EQIA which provides a list of Sources of S75 data or speak to Central Statistics and Research Branch (Stephanie Harcourt, ext 40878) or Equality Unit (Alex Boyle, ext 41194, or Una Downey, ext 40855).**

### **Section 3 – Screening Analysis**

In cases where there is no available quantitative evidence, you will need to take a pragmatic, common sense judgement as to whether the policy/legislation you are screening may have a particular/differential impact on any of the groups. Discussions with Equality Unit, Statistics Branch and organisations representing the Section 75 Groups will be important and helpful at this stage in obtaining qualitative evidence of impacts. Every effort should be made to ensure that assessments are evidence based.

The following criteria must be considered when screening.

#### **3.1 Is there any indication or evidence of higher or lower participation or uptake by the following Section 75 groups?**

	<b>Yes</b>	<b>No</b>
Religious belief		No
Political opinion		No
Racial group		No
Age		No
Marital status		No
Sexual orientation		No
Gender		No
Disability		No
Dependants		No

#### **3.2 Is there any indication or evidence that any of the following Section 75 groups have different needs, experiences, issues and priorities in relation to this policy issue?**

	<b>Yes</b>	<b>No</b>
Religious belief		No
Political opinion		No
Racial group		No
Age		No
Marital status		No
Sexual orientation		No

**3.3 Have consultations with the relevant representative organisations or individuals within any of the Section 75 categories, indicated that policies of this type create problems specific to them?**

	<b>Yes</b>	<b>No</b>
Religious belief		<b>No</b>
Political opinion		<b>No</b>
Racial group		<b>No</b>
Age		<b>No</b>
Marital status		<b>No</b>
Sexual orientation		<b>No</b>
Gender		<b>No</b>

**3.4 Is there an opportunity to better promote equality of opportunity or community relations by altering the policy, or by working with others, in Government, or in the larger community in the context of this policy?**

No

**Please give details**

---

---

---

---

---

- 3.5 It may be that a policy/legislation has a differential impact on a certain Section 75 group, as the policy has been developed to address an existing or historical inequality or disadvantage. If this is the case, please give details below:**

**none**

---

---

---

---

- 3.6 Please consider if there is any way of adapting the policy to promote better equality of opportunity or good relations.**

**Please give details**

none

## **Section 4**

### **EQIA Recommendation**

You should consider carefully in this section whether full EQIA is necessary, particularly where answers to any questions in Section 3 are affirmative.

- 4.1 Full EQIA procedures should be carried out on policies considered to have significant implications for equality of opportunity. Please fill in the following grid in relation to the policy/legislation.

<b>Prioritisation Factors</b>	<b>Significant Impact</b>	<b>Moderate Impact</b>	<b>Low Impact</b>
Social Need.			yes
Effect on people's daily lives.			yes
Effect on economic, social and human rights.			yes
Strategic significance			yes
Financial significance			yes

**Please give details**

---

---

---

- 4.2 **In view of the considerations in Section 3 and 4 do you consider that this policy/legislation should be subject to a full EQIA? Please give reasons for your considerations. If you are unsure, please consult with affected groups and revisit the screening analysis accordingly. Yes/No/Unsure**

**I do not think this should be subject to a full EQIA. There is no evidence to suggest that one S75 group will be affected more than another and the policy will have a low impact on the prioritisation factors listed in section 4.**

---

---

---

**4.3 If an EQIA is considered necessary please comment on the priority and timing in light of the factors in table 4.1.**

---

---

---

---

**4.4 If an EQIA is considered necessary is any data required to carry it out/ensure effective monitoring?**

**Please give details**

---

---

---

---

**Section 5**

**Endorsement**

I can confirm that the proposed policy has been screened for equality of opportunity and good relations implications and has been screened out for equality impact assessment/requires a full equality impact assessment.
