2. (1) In this scheme, unless the contrary intention appears:

“activity” means any activity carried on as part of a Part C installation whether or not described in Schedule 1 to the Regulations, and in a case where an activity falls within two or more descriptions in Schedule 1 to the Regulations, that activity shall be regarded for the purposes of this scheme as falling within that description which fits it most aptly;

(2) For the purposes of this scheme references to “installation” or “Part C installation” shall be taken to include references to “mobile plant” or “Part C mobile plant”, unless the contrary intention appears, and where the context requires shall mean only that part of the installation which is the subject of the permit or the application for a permit.

(3) Subject to paragraph (4), references to the number of Part C activities to which a permit relates means the number of Part C activities which are carried out in the installation.

(4) Where an installation carries out two or more Part C activities then, for the purpose of paragraph (3) –

- (a) in so far as those activities fall within the same Section of Part 1 of Schedule 1 to the Regulations, they shall be treated as a single activity;

- (b) in so far as the same operator carries out at the same location two or more of the Part C activities mentioned in the same head below and described by reference to the provisions of Part 1 of Schedule 1 to the Regulations, they shall be treated as a single activity –

 - (v) Section 6.6 (Timber Activities) and paragraph (c) of Part C of Section 1.1 in so far as it relates to any activity for the burning of waste wood.
- (c) in so far as the same operator carries out at the same installation one or more of the activities specified in Section 7 of Part 1 of Schedule 1 to the Regulations (Solvent Emission Directive Activities) together with one or more of the Part C activities mentioned in the heads below and described by reference to the provisions of Part 1 of Schedule 1 to the Regulations, they shall be treated as a single activity –
- (i) Section 2.1 (Ferrous Metals);
 - (ii) Section 2.2 (Non-Ferrous Metals);
 - (iii) Section 2.3 (Surface Treating Metals and Plastic Materials);
 - (iv) Section 6.4 (Coating Activities, Printing and Textile Treatments);
