

# DOE SECTION 75 EQUALITY OF OPPORTUNITY SCREENING ANALYSIS FORM

CENTRAL MANAGEMENT

08 MAR 2007

RECEIVED

## Section 1

### **Introduction**

This form is intended to help you to consider whether a new policy (either internal or external) or legislation will require a full equality impact assessment (EQIA). Those policies identified as having significant implications for equality of opportunity must be subject to full EQIA.

The form will provide a record of the factors taken into account if a policy is screened out, or excluded for EQIA. It will provide a basis for consultation on the outcome of the screening exercise and will be referenced in the Annual Report to the Equality Commission. Copies of completed forms should be retained on file within business areas (**and a copy sent to the Equality Unit**) and reference should be made to the outcome of the screening exercise and subsequent consultation in any submission made to the Minister.

### **Background**

#### **The Legal Background**

Under section 75 of the Northern Ireland Act 1998, the Department is required to have due regard to the need to promote equality of opportunity:

- between persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation;
- between men and women generally;
- between persons with a disability and persons without; and
- between persons with dependants and persons without.

The main groups within each of the nine categories, highlighted above, are identified at Appendix 1.

In addition, without prejudice to its obligations above, the Department is also required, in carrying out its functions relating to Northern Ireland, to have regard to the desirability of promoting good relations between persons of different religious beliefs, political opinion or racial group.

### **Advice on Completion of the Screening Form**

It is important that the screening form is completed carefully and thoughtfully. Your Divisional or Agency Equality Officer and the Department's Equality Unit in room 413A Clarence Court (ext 40855/40813) will be happy to assist with all aspects of the screening process and will help with the completion of the form, if required.

Further advice on the screening process can be accessed at Section 4 of the Equality Commission's Guide to the Statutory Duties.

## **Policies included for EQIA**

If, after screening, it is decided that a policy will require a full EQIA, a decision will be required on the priority and timing of the assessment. The screening form should be noted accordingly, signed off and copied to the Equality Unit for inclusion in the EQIA programme.

## **Policies excluded for EQIA**

If a decision is taken to screen out the policy or where there is ambiguity about the equality implication of the proposal, the screening form should be signed off by a senior officer responsible for the policy and a copy sent to the Equality Unit. Copies of all screening out forms will be placed on the Department's website.

## **Section 2 – Policy to be Screened**

### **Definition of Policy**

There have been some difficulties in defining what constitutes a policy in the context of Section 75. To be on the safe side it is recommended that you consider changes to or any new initiatives, proposals, schemes or programmes as policies. The policies covered in the Equality Scheme EQIA programme are a reasonable guide both to the nature of external departmental policies and the level at which they should be considered.

The revised Guidance from The Equality Commission emphasises that the Statutory duties apply to **internal** policies (relating to people who work for the organisation) as well as **external** policies (relating to those who are, or could be, served by the organisations).

It is important to remember that even if a full EQIA has been carried out in respect of an "overarching" policy or strategy, it will still be necessary for the policy maker to consider if a further EQIA needs to be carried out in respect of those policies cascading from the overarching strategy.

OFMDFM Guidance on Legislative Procedures (Primary and Subordinate) sets out clearly the stages at which equality of opportunity considerations should be taken into consideration in the development of legislation.

### **Overview of Policy Proposals**

The aims and objectives of the policy must be clear and well defined. You must take into account any available data or evidence that will enable you to come to a decision on whether or not a policy may or may not have a differential impact on any of the S75 categories. Evidence may be qualitative and or quantitative and may include research or internal information and or experience in relation to service and customer monitoring exercises. Where appropriate, arrangements should be made to obtain any data necessary to assist screening. The Equality Unit or Central Statistics & Research Branch (Stephanie Harcourt ext 40878 or Michael Bennett ext 40916) are available to provide advice on data requirements.

**2.1 Please insert below a brief description of the policy/legislation, including the title and all the main aims and objectives**

**Aims**            **To enable car parking arrangements to be managed in the most flexible, efficient and effective manner yet attempt to allocate parking spaces as equitably and reasonably as possible.**

**See Appendix 4 of the Equality Commission Practical Guidance on EQIA which provides a list of Sources of S75 data or speak to Central Statistics and Research Branch (Stephanie Harcourt, ext 40878, or Michael Bennett, ext 40916) or Equality Unit (Alex Boyle, ext 41194, or Una Downey, ext 40855).**

### Section 3 – Screening Analysis

In cases where there is no available quantitative evidence, you will need to take a pragmatic, common sense judgement as to whether the policy/legislation you are screening may have a particular/differential impact on any of the groups. Discussions with Equality Unit, Statistics Branch and organisations representing the Section 75 Groups will be important and helpful at this stage in obtaining qualitative evidence of impacts. Every effort should be made to ensure that assessments are evidence based.

The following criteria must be considered when screening.

#### **3.1 Is there any indication or evidence of higher or lower participation or uptake by the following Section 75 groups?**

	<b>Yes</b>	<b>No</b>
Religious belief		No
Political opinion		No
Racial group		No
Age		No
Marital status		No
Sexual orientation		No
Gender		No
Disability		No
Dependants		No

**Please give details**

---

---

---

---

#### **3.2 Is there any indication or evidence that any of the following Section 75 groups have different needs, experiences, issues and priorities in relation to this policy issue?**

	<b>Yes</b>	<b>No</b>
Religious belief		No
Political opinion		No
Racial group		No
Age		No
Marital status		No
Sexual orientation		No

**Please give details**

**Disabled drivers have different needs and they have been taken into consideration by the fact that they automatically get a parking space. There are currently 5 designated disabled parking spaces available.**

---

---

---

---

**3.3 Have consultations with the relevant representative organisations or individuals within any of the Section 75 categories, indicated that policies of this type create problems specific to them?**

	<b>Yes</b>	<b>No</b>
Religious belief		No
Political opinion		No
Racial group		No
Age		No
Marital status		No
Sexual orientation		No
Gender		No
Disability		No
Dependants	Yes	

**Please give details of any consultations carried out, and any problems identified.**

2 Individuals with dependants have mentioned that they will be disadvantaged with the introduction of this new policy. They have indicated that with their responsibilities they would have found it difficult to get a parking space due to the time they arrive on site. However, Road Service has now agreed to extend a free car park at Benson Street, Lisburn, within easy walking distance from the complex, which can also be used by EHS staff.

---

---

---

---

**3.6 Is there an opportunity to better promote equality of opportunity or community relations by altering the policy, or by working with others, in Government, or in the larger community in the context of this policy?**

No

**Please give details**

---

---

---

---

---

---

**3.6 It may be that a policy/legislation has a differential impact on a certain Section 75 group, as the policy has been developed to address an existing or historical inequality or disadvantage. If this is the case, please give details below:**

No

---

---

---

---

**3.6 Please consider if there is any way of adapting the policy to promote better equality of opportunity or good relations.**

**Please give details**

## Section 4

### EQIA Recommendation

You should consider carefully in this section whether full EQIA is necessary, particularly where answers to any questions in Section 3 are affirmative.

- 4.1 Full EQIA procedures should be carried out on policies considered to have significant implications for equality of opportunity. Please fill in the following grid in relation to the policy/legislation.

<b>Prioritisation Factors</b>	<b>Significant Impact</b>	<b>Moderate Impact</b>	<b>Low Impact</b>
Social Need.			Low
Effect on people's daily lives.		Moderate	
Effect on economic, social and human rights.			Low
Strategic significance			Low
Financial significance			Low

- 4.2 **In view of the considerations in Section 3 and 4 do you consider that this policy/legislation should be subject to a full EQIA? Please give reasons for your considerations. If you are unsure, please consult with affected groups and revisit the screening analysis accordingly. Yes/No/Unsure**

---

**No. The only impacts identified were on 2 people with dependants. They felt that they arrived too late to get a parking space. This is no longer an issue due to the additional parking spaces now provided by Roads Service free of charge.**

**4.3 If an EQIA is considered necessary please comment on the priority and timing in light of the factors in table 4.1.**
