Agricultural Waste Exemptions

1. Do you require to be registered for any simple agricultural waste exemptions. These activities are listed in the Agricultural Waste Guidance. (ni-environment.gov.uk)

If you do mark "X" in the box.

Farmers must make themselves aware of the conditions attached to the exempt activity as outlined in the Agricultural Waste Guidance. Failure to adhere to these conditions could cause pollution which may result in prosecution.

2. Do you require to be registered for any of the following complex agricultural waste exemptions?

Mark "X" in appropriate box(es) below.

- Spreading of agricultural waste on land for agricultural benefit or ecological improvement
- Composting biodegradable waste from agricultural premises
- The storage and use of building wastes from agricultural premises in construction
- Using a lined biobed to dispose of agricultural waste consisting of non-hazardous pesticide solution or washings

Wastes being used must be from agricultural premises only. If they are from another source a different form must be completed and a fee paid. For more information contact Northern Ireland Environment Agency on (028) 9056 9360.

Declaration

I declare that I have read the Agricultural Waste Guidance and agree to comply fully with the conditions and limits outlined.
