- (2) The charge in respect of an application for a licence or a modification of the conditions of a licence shall be determined by reference to the descriptions of activities, waste and amount of waste specified or referred to in the application; and references in this Scheme to the activities authorised by a licence, the description of waste and the amount of waste shall be construed accordingly.
- (3) Where a site licence related to activities falling within more than one Part of a Table or, as the case may be, to descriptions of waste falling within more than one paragraph of column (1) of a Table, the applicable charge shall, subject to sub-paragraphs (4) to (6), be the highest of the charges deriving from each of those Parts or paragraphs calculated on the basis of the total amount of waste (of whatever description) intended to be subject under the site licence to the activity or activities specified within the Table in question.

  - (a) the commencement of:
    - (i) the activities authorised by a licence (including a deemed licence), or

- (ii) the works necessary to comply with requirements which are imposed in the licence (including a deemed licence) and which are to be complied with before those activities have begun, whichever is the earlier; or

- (2) The subsistence charge shall, subject to sub-paragraphs (3) to (10) below, be the aggregate of the sums shown in Tables 1 to 6 (so far as applicable).
- (3) Where a site licence relates to activities falling within more than one Part of a Table or, as the case may be, to descriptions of waste falling within more than one paragraph of column (1) of a Table, the subsistence charge shall be the highest of the sums deriving from each of those Parts or paragraphs calculated on the basis of the total amount of waste (of whatever description) intended to be subject under the site licence to the activity or activities specified within the Table in question.

## SECTION 2

### **CHARGES IN RESPECT OF REGISTRATION OF EXEMPTIONS, WASTE CARRIERS AND WASTE BROKERS**

#### **REGISTRATION OF EXEMPTIONS UNDER PART 1 OF SCHEDULE 2 OF THE WASTE MANAGEMENT LICENSING REGULATIONS (NI) 2003**

- 2.1 Part 1 of Schedule 2 of the WML Regulations lists those activities which are exempted under regulation 17 of the Regulations. Exemptions are only effective when the activity fully meets regulation 17 and, where applicable, regulations 18 to 20. One of the conditions of registration as exempt is that a registration charge is paid when making the application. When making an application to register an exemption, the establishment or undertaking will be required to pay an annual fee or a three yearly fee, depending on the nature of the waste activity, in respect of each place where the exempt activity is carried on. Appendix 1 Table 7 sets out the charges for registration and the annual/three-yearly charge.
- 2.2 In Table 1, exempt activities which are listed as having no annual or three-yearly fee do not require to formally register with the Department.

#### **CHARGES FOR CARRIER APPLICATIONS, BROKER APPLICATIONS, RENEWAL APPLICATIONS AND JOINT CARRIER/BROKER APPLICATIONS**

##### **Controlled Waste Carrier Applications**

- 2.3 Regulation 4(8) of the Controlled Waste (Registration of Carriers and Seizure of Vehicles) Regulations (NI) 1999 makes provision for charges in respect of a person as a carrier of controlled waste. A charge is also prescribed for the three yearly renewal of a waste carrier registration. The charges payable in respect of a carrier application and a carrier renewal application are shown in Appendix 1, Table 8.
- 2.4 If a registered carrier wishes to apply to the Department to also be registered as a waste broker, as shown in Appendix 1, Table 8.

##### **Controlled Waste Broker Application**

- 2.5 Paragraph 3(10) of schedule 4 of the WML Regulations makes provision for charges in respect to the registration of a person as a broker of controlled waste. A charge is also prescribed for the three-yearly renewal of a waste broker registration. The charge payable in respect of a broker application and broker renewal application are shown in Appendix 1, Table 8.
- 2.6 If a registered broker wishes to apply to the Department to also be registered as a waste carrier, the charge is shown in Appendix 1, Table 8.

##### **Joint Carrier/Broker Application**

- 2.7 The Department has a combined application form for a carrier and/or broker registration. If a person wishes to apply to become a registered carrier and broker they may do so using the same form. Similarly if the person wishes to renew their carrier and broker registration, they may do so using the same form as shown in Appendix 1, Table 8.

## INTERPRETATION

**TABLE 3: LICENCE FOR THE DISPOSAL OF CONTROLLED WASTE IN OR ON LAND**

1. In this table –

“Licence” means a Site Licence which authorises, or which if granted or modified in accordance with the application will authorise, the disposal of controlled waste; and

“incinerator” means an incinerator which is an exempt incinerator for the purposes of Section 5.1 of Schedule 1 to the Industrial Pollution Control (Prescribed Processes and Substance) Regulations (NI) 1998 or Section 5.1 of Schedule 1 of the Pollution Prevention and Control Regulations (NI) 2003.

“amount of waste” in Part A means the maximum annual amount in tonnes of waste which under the Licence:

- (b) post closure inspections in respect of the entire site began before the commencement of the financial year immediately preceding the financial year to which the charge relates.

This table has the following parts

Part Activity Authorised by Licence
