

WO1 - ANNEX 4

AQUACULTURE ACTIVITY
APPLICATION FOR CONSENT TO DISCHARGE EFFLUENT

Give details of Activities carried out:

Species

Age Range:

Annual Production:Tonnes

Is food used on site:

Type of food

Maximum daily usage:Kg

List all therapeutic and other chemicals to be used or stored on site:

Is Discharge existing or proposed:

If proposed when is it anticipated the Discharge will commence:

Will Discharge be continuous:

If not continuous, detail the period or circumstances when it will occur:

.....

.....

How much water will be

Abstracted daily: cubic metres per day

Abstraction Sources

.....

.....

Irish Grid Reference of Abstraction Point(s):

(Letter plus 8 numbers format)

.....

NOTE: Applicants for cage operations will normally be required to provide hydrographic and chemical/biological baseline studies of the area likely to be affected before the application can be determined. The details of these studies should be agreed in advance with the Department. Similar studies may also be required in certain circumstances in the case of tank/pond operations.

Please supply a detailed site plan showing:-

For tank/pond operations, the exact location(s) of the tank(s) pond(s), effluent discharge point(s) and water abstraction point(s);

For cage operations, the exact area to be occupied by the cage(s). For fresh water operations the Irish Grid references must be included. For Marine operations the exact latitudes and longitudes are required.
