# 2009 status of water bodies in Strangford LMA

Based upon Ordnance Survey of Northern Ireland's data with the permission of the Controller of Her Majesty's Stationery Office, © Crown copyright and database rights EMOU206.2. Unauthorised reproduction infringes © Crown copyright and may lead to prosecution or civil proceedings.

<b>Water body name:</b>	Ballymorran Burn
<b>Water body identification code:</b>	UKGBNI1NE050504006
<b>Catchment stakeholder group:</b>	Strangford & Lecale
<b>Local management area:</b>	Strangford
<b>2015 Objective:</b>	Good Status
<b>2021 Objective:</b>	Good Status
<b>2027 Objective:</b>	Good Status

<b>The type of this water body is:</b>	Altitude <80m, alkalinity 100-200 (as mg/l of CaCO <sub>3</sub> )
<b>2005 risk assessment:</b>	1a - At risk

<b>Current overall status:</b>	Moderate	
( Confidence in overall status:	Low )	

---

Benthic invertebrates:	Moderate	
Dissolved oxygen:	High	
Soluble reactive phosphorus:	Good	
pH:	High	

Biochemical oxygen demand*:	High	
-----------------------------	------	---

---

Hydrological regime:	High	
----------------------	------	---

---

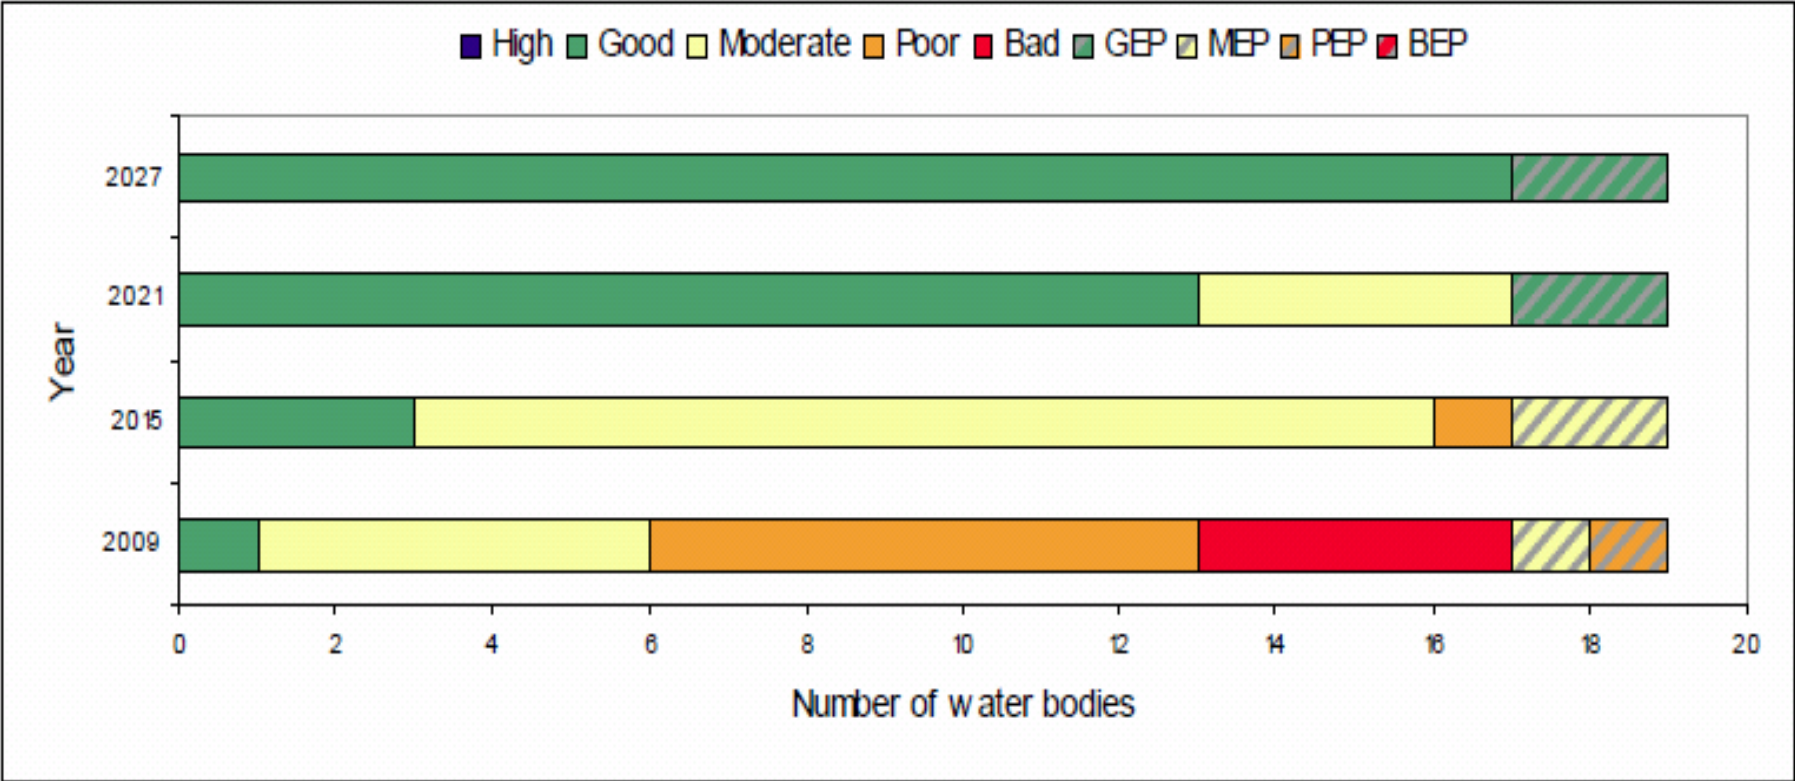

Ammonia:	High	
----------	------	---

\* This element does not contribute to overall classification.

For more information on the classification process see:

# Current status and proposed objectives for surface waters in Strangford LMA

# Strangford Action Plan

- To deliver objectives
- Based on scientific monitoring & assessment data.
- Local knowledge – stakeholder meetings, update information leaflets
- Prioritise action, e.g. river walks, target monitoring & inspections
- Local action, e.g., removal of aliens, river clean-ups, fisheries enhancement
- Rolling programme

# Structure of Workshop

- Ordnance Survey Map
- Map showing water body status – also shows elements at less than good status.
- Identify on the map, locations where there are environmental issues or concerns that may be affecting status or actions/ improvements currently being carried out.
- Provide details on the A3 feedback form and identify the location on the large LMA map.
- Information will be used to inform the LMA action plan.

# Thank You

Our aim is to protect, conserve  
and promote our natural and built  
environment for the benefit of  
present and future generations.
