

# DOE SECTION 75 EQUALITY OF OPPORTUNITY SCREENING ANALYSIS FORM

## Section 1

### **Introduction**

This form is intended to help you to consider whether a new policy (either internal or external) or legislation will require a full equality impact assessment (EQIA). Those policies identified as having significant implications for equality of opportunity must be subject to full EQIA.

The form will provide a record of the factors taken into account if a policy is screened out, or excluded for EQIA. It will provide a basis for consultation on the outcome of the screening exercise and will be referenced in the Annual Report to the Equality Commission. Copies of completed forms should be retained on file within business areas **(and a copy sent to the Equality Unit)** and reference should be made to the outcome of the screening exercise and subsequent consultation in any submission made to the Minister.

### **Background**

#### **The Legal Background**

Under section 75 of the Northern Ireland Act 1998, the Department is required to have due regard to the need to promote equality of opportunity:

- between persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation;
- between men and women generally;
- between persons with a disability and persons without; and
- between persons with dependants and persons without.

The main groups within each of the nine categories, highlighted above, are identified at Appendix 1.

In addition, without prejudice to its obligations above, the Department is also required, in carrying out its functions relating to Northern Ireland, to have regard to the desirability of promoting good relations between persons of different religious beliefs, political opinion or racial group.

### **Advice on Completion of the Screening Form**

It is important that the screening form is completed carefully and thoughtfully. Your Divisional or Agency Equality Officer and the Department's Equality Unit in room 413A Clarence Court (ext 40203/40813) will be happy to assist with all aspects of the screening process and will help with the completion of the form, if required.

Further advice on the screening process can be accessed at Section 4 of the Equality Commission's Guide to the Statutory Duties.

## **Policies included for EQIA**

If, after screening, it is decided that a policy will require a full EQIA, a decision will be required on the priority and timing of the assessment. The screening form should be noted accordingly, signed off and copied to the Equality Unit for inclusion in the EQIA programme.

## **Policies excluded for EQIA**

If a decision is taken to screen out the policy or where there is ambiguity about the equality implication of the proposal, the screening form should be signed off by a senior officer responsible for the policy and a copy sent to the Equality Unit. Copies of all screening out forms will be placed on the Department's website.

## **Section 2 – Policy to be Screened**

### **Definition of Policy**

There have been some difficulties in defining what constitutes a policy in the context of Section 75. To be on the safe side it is recommended that you consider changes to or any new initiatives, proposals, schemes or programmes as policies. The policies covered in the Equality Scheme EQIA programme are a reasonable guide both to the nature of external departmental policies and the level at which they should be considered.

The revised Guidance from The Equality Commission emphasises that the Statutory duties apply to **internal** policies (relating to people who work for the organisation) as well as **external** policies (relating to those who are, or could be, served by the organisations).

It is important to remember that even if a full EQIA has been carried out in respect of an "overarching" policy or strategy, it will still be necessary for the policy maker to consider if a further EQIA needs to be carried out in respect of those policies cascading from the overarching strategy.

OFMDFM Guidance on Legislative Procedures (Primary and Subordinate) sets out clearly the stages at which equality of opportunity considerations should be taken into consideration in the development of legislation.

### **Overview of Policy Proposals**

The aims and objectives of the policy must be clear and well defined. You must take into account any available data or evidence that will enable you to come to a decision on whether or not a policy may or may not have a differential impact on any of the S75 categories. Evidence may be qualitative and or quantitative and may include research or internal information and or experience in relation to service and customer monitoring exercises. Where appropriate, arrangements should be made to obtain any data necessary to assist screening. The Equality Unit or Central Statistics & Research Branch (Stephanie Harcourt ext 40878 or Michael Bennett ext 40916) are available to provide advice on data requirements.

2.1 Please ~~insert below a brief description of the policy/legislation, including the title and all the main aims and objectives~~

Title Consultation on Proposed Severance Arrangements for Councillors  
Aims To develop a severance scheme to recognise the contribution of long-standing councillors who decide not to stand for re-election.

It is essential that all the aims/objectives of the policy be clearly and fully defined.

2.2 On whom will the policies/legislation impact? Please specify

councillors

councils

2.3 Who is responsible for (a) devising and (b) delivering the policy, eg is it DOE, a Whitehall Department or EU? What is the relationship and have they considered this issue and any equality issues?

(a) DOE

(b) DOE

2.4 What linkages are there to other NI Departments/NDPBs in relation to this policy/legislation?

None at present, however, depending on the decision on how the scheme should be financed - DFP

2.5 What data are available to facilitate the screening of this policy/legislation?

2005 NILGA survey of councillors gives information on gender and age.

2.6 Is additional data required to facilitate screening? If so, give details of how and when it will be obtained.

No

See Appendix 4 of the Equality Commission Practical Guidance on EQIA which provides a list of Sources of S75 data or speak to Central Statistics and Research Branch (Stephanie Harcourt, ext 40878, or Michael Bennett, ext 40916) or Equality Unit (Alex Boyle, ext 41194, or Laura McAleese, ext 40203).

### Section 3 – Screening Analysis

**In cases where there is no available quantitative evidence, you will need to take a pragmatic, common sense judgement as to whether the policy/legislation you are screening may have a particular/differential impact on any of the groups. Discussions with Equality Unit, Statistics Branch and organisations representing the Section 75 Groups will be important and helpful at this stage in obtaining qualitative evidence of impacts. Every effort should be made to ensure that assessments are evidence based.**

The following criteria must be considered when screening.

#### **3.1 Is there any indication or evidence of higher or lower participation or uptake by the following Section 75 groups?**

	<b>Yes</b>	<b>No</b>
Religious belief		√
Political opinion		√
Racial group		√
Age		√
Marital status		√
Sexual orientation		√
Gender		√
Disability		√
Dependants		√

**Please give details**

**There will likely be a higher uptake of a severance scheme amongst the longer serving, and therefore, probably older councillors. It may create an opportunity for political parties to encourage under-represented groups such as women and younger people to stand as councillors. No mitigation measures will be introduced.**

#### **3.2 Is there any indication or evidence that any of the following Section 75 groups have different needs, experiences, issues and priorities in relation to this policy issue?**

	<b>Yes</b>	<b>No</b>
Religious belief		√
Political opinion		√
Racial group		√
Age		√
Marital status		√

Sexual orientation		√
Gender		√
Disability		√
Dependants		√

Religious belief		√
Political opinion		√
Racial group		√
Age		√
Marital status		√
Sexual orientation		√
Gender		√

- 3.5 It may be that a policy/legislation has a differential impact on a certain Section 75 group, as the policy has been developed to address an existing or historical inequality or disadvantage. If this is the case, please give details below:**

---

---

---

---

- 3.6 Please consider if there is any way of adapting the policy to promote better equality of opportunity or good relations.**

**Please give details**

---

The severance scheme **may** result in a different profile of councillor in Northern Ireland. This is, however, outside the Department's control as it is a matter for political parties and individuals as to who might stand for election.

---

- 3.7 In relation to Departmental obligations under Section 49A of the Disability Discrimination Act 1995 (DDA) (as amended by the Disability Discrimination (Northern Ireland) Order 2006), please consider if there is any way of adapting the policy to show due regard to the need to promote positive attitudes towards disabled people and/or encourage participation by disabled people in public life.**

## **Section 4**

### **EQIA Recommendation**

You should consider carefully in this section **whether** full EQIA is necessary, particularly where answers to any questions in Section 3 **are** affirmative.

- 4.1 Full EQIA procedures should be carried out on policies considered to have significant implications for equality of opportunity. Please fill in the following grid in relation to the policy/legislation.

<b>Prioritisation Factors</b>	<b>Significant Impact</b>	<b>Moderate Impact</b>	<b>Low Impact</b>
Social Need.			X
Effect on people's daily lives.			X
Effect on economic, social and human rights.			X
Strategic significance			X
Financial significance			X

#### **Please give details**

The cost of the scheme is dependent on how many councillors apply and how the award is structured. It is, however, estimated that the cost could be in the region of £5.25m. No decision has been taken yet on whether this cost will be met by central or local government.

- 4.2 In view of the considerations in Section 3 and 4 do you consider that this policy/legislation should be subject to a full EQIA? Please give reasons for your considerations. If you are unsure, please consult with affected groups and revisit the screening analysis accordingly. Yes/No/Unsure

No - the primary impact is on councillors and councils, not on individual citizens or groups of citizens. The severance scheme is targeted for a particular purpose and no mitigation measures are proposed.

**4.3 If an EQIA is considered necessary please comment on the priority and timing in light of the factors in table 4.1.**
