

# DOE SECTION 75 EQUALITY OF OPPORTUNITY SCREENING ANALYSIS FORM

## Section 1

### **Introduction**

This form is intended to help you to consider whether a new policy (either internal or external) or legislation will require a full equality impact assessment (EQIA). Those policies identified as having significant implications for equality of opportunity must be subject to full EQIA.

The form will provide a record of the factors taken into account if a policy is screened out, or excluded for EQIA. It will provide a basis for consultation on the outcome of the screening exercise and will be referenced in the Annual Report to the Equality Commission. Copies of completed forms should be retained on file within business areas (**and a copy sent to the Equality Unit**) and reference should be made to the outcome of the screening exercise and subsequent consultation in any submission made to the Minister.

### **Background**

#### **The Legal Background**

Under section 75 of the Northern Ireland Act 1998, the Department is required to have due regard to the need to promote equality of opportunity:

- between persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation;
- between men and women generally;
- between persons with a disability and persons without; and
- between persons with dependants and persons without.

The main groups within each of the nine categories, highlighted above, are identified at Appendix 1.

In addition, without prejudice to its obligations above, the Department is also required, in carrying out its functions relating to Northern Ireland, to have regard to the desirability of promoting good relations between persons of different religious beliefs, political opinion or racial group.

### **Advice on Completion of the Screening Form**

It is important that the screening form is completed carefully and thoughtfully. Your Divisional or Agency Equality Officer and the Department's Equality Unit in room 413A Clarence Court (ext 40855/40813) will be happy to assist with all aspects of the screening process and will help with the completion of the form, if required.

Further advice on the screening process can be accessed at Section 4 of the Equality Commission's Guide to the Statutory Duties.

## **Policies included for EQIA**

If, after screening, it is decided that a policy will require a full EQIA, a decision will be required on the priority and timing of the assessment. The screening form should be noted accordingly, signed off and copied to the Equality Unit for inclusion in the EQIA programme.

## **Policies excluded for EQIA**

If a decision is taken to screen out the policy or where there is ambiguity about the equality implication of the proposal, the screening form should be signed off by a senior officer responsible for the policy and a copy sent to the Equality Unit. Copies of all screening out forms will be placed on the Department's website.

## **Section 2 – Policy to be Screened**

### **Definition of Policy**

There have been some difficulties in defining what constitutes a policy in the context of Section 75. To be on the safe side it is recommended that you consider changes to or any new initiatives, proposals, schemes or programmes as policies. The policies covered in the Equality Scheme EQIA programme are a reasonable guide both to the nature of external departmental policies and the level at which they should be considered.

The revised Guidance from The Equality Commission emphasises that the Statutory duties apply to **internal** policies (relating to people who work for the organisation) as well as **external** policies (relating to those who are, or could be, served by the organisations).

It is important to remember that even if a full EQIA has been carried out in respect of an “overarching” policy or strategy, it will still be necessary for the policy maker to consider if a further EQIA needs to be carried out in respect of those policies cascading from the overarching strategy.

OFMDFM Guidance on Legislative Procedures (Primary and Subordinate) sets out clearly the stages at which equality of opportunity considerations should be taken into consideration in the development of legislation.

### **Overview of Policy Proposals**

The aims and objectives of the policy must be clear and well defined. You must take into account any available data or evidence that will enable you to come to a decision on whether or not a policy may or may not have a differential impact on any of the S75 categories. Evidence may be qualitative and or quantitative and may include research or internal information and or experience in relation to service and customer monitoring exercises. Where appropriate, arrangements should be made to obtain any data necessary to assist screening. The Equality Unit or Central Statistics & Research Branch (Stephanie Harcourt ext 40878) are available to provide advice on data requirements.

**2.1 Please insert below a brief description of the policy/legislation, including the title and all the main aims and objectives**

<b>Title</b>	The Community Drivers' Hours and Recording Equipment Regulations (Northern Ireland) [2007]
<b>Aims</b>	<p>To facilitate compliance with the new Community Drivers' Hours Regulation (Regulation (EC) No. 561/2006) which had full effect from 11 April 2007 and replaced the former Community Drivers' Hours Regulation (Council Regulation (EEC) No. 3820/85). The Community Drivers' Hours and Recording Equipment Regulations (Northern Ireland) [2007] will:</p> <ul style="list-style-type: none"><li>• ensure that various new enforcement measures contained within Regulation (EC) No. 561/2006 are adequately provided for and reflected in domestic legislation and that appropriate penalties can be applied in this country;</li><li>• provide a definition in domestic legislation of what constitutes a "historic vehicle" for the purposes of applying a new automatic exemption from the EU Regulation;</li><li>• adopt some of the discretionary national derogations available to Member States (which will exempt certain vehicles from the EU Regulation).</li></ul>

It is essential that all the aims/objectives of the policy be clearly and fully defined.

**2.2 On whom will the policies/legislation impact? Please specify**

This legislation will primarily impact upon the road haulage and road passenger transport sectors who are subject to the EU Regulation.  
The "historic vehicle" fraternity also have an interest in terms of whether the definition of a "historic vehicle" will exempt the vehicles they operate.

**2.3 Who is responsible for (a) devising and (b) delivering the policy, eg is it DOE, a Whitehall Department or EU? What is the relationship and have they considered this issue and any equality issues?**

(a) EU.

(b) DfT / DoE.

**2.4 What linkages are there to other NI Departments/NDPBs in relation to this policy/legislation?**

PSNI (as well as the Department's Driver and Vehicle Agency) have responsibility for enforcing the requirements of the EU drivers' hours

rules.

**2.5 What data are available to facilitate the screening of this policy/ legislation?**

**Section 3 – Screening Analysis**

In cases where there is no available quantitative evidence, you will need to take a pragmatic, common sense judgement as to whether the policy/legislation you are screening may have a particular/differential impact on any of the groups. Discussions with Equality Unit, Statistics Branch and organisations representing the Section 75 Groups will be important and helpful at this stage in obtaining qualitative evidence of impacts. Every effort should be made to ensure that assessments are evidence based.

The following criteria must be considered when screening.

In general, the proposals in the consultation document were well received and, in finalising them, consultees' views were taken into consideration.
